California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Our mission is to establish a child-centered learning environment that develops academic excellence, technological literacy, appreciation and understanding of the Arts, and proficiency in English. Our students will develop self-respect, leadership qualities, recognition of the importance of service to their community, and a life-long love of learning. Our school will include small classes, community and parent involvement, and a clean, safe learning environment that respects and addresses the cultural needs of our students and staff. Our mission will be accomplished by developing curriculum-based assessment models and student portfolios to guide instruction and measure student achievement along with standardized testing. East Oakland Leadership Academy will accommodate diverse learning styles and provide enrichment educational opportunities to promote the academic success and socio-emotional development of our students.

East Oakland Leadership Academy's motto is "All Children Can Learn" because "Failure is Not an Option." The East Oakland Leadership Academy community shares the vision of providing quality education for children in a small, safe, and nurturing environment. Our educational program allows each student to:

- Develop academic excellence and high standards of personal and social behavior
- Learn to learn - learn how to think critically, become independent thinkers, and see learning as a life-long process
- Become active participants in a democratic society as contributing citizens within the school, local, and global communities
- Become more responsible for and have more control over their own learning by setting goals, planning, and managing their educational environment
- Develop & improve social skills by building self-confidence, a sense of morality, & self-esteem East Oakland Leadership Academy opened its doors to the youth of East Oakland in 2003. EOLA has grown from one 6th grade class to currently serving students in grades K-8

East Oakland Leadership Academy is a small school serving students in the severely economically depressed East Oakland area. Ninety-one percent (91%) of the students come from ethnic minorities; **34% are Hispanic or Latino and 57% are African American. One hundred percent (100%) qualify for free or reduced lunch and 19% are English Language Learners.**

While serving this disadvantaged group of students, East Oakland Leadership Academy maintains incredibly high success rates. The success of EOLA is marked by improvement in student achievement; school-wide and for numerically-significant subgroups, enrollment growth and high attendance rates, demonstrable parent involvement, and the creation of a safe, clean, welcoming school environment in an area rife with crime and violence on the streets and in the schools.

School Facility Conditions and Planned Improvements

Our school facility is in good condition. East Oakland Leadership Academy provides a clean and safe environment for our staff and students. Our building was renovated in July 2010 and we were awarded the Certificate of Occupancy in April 2011. The maintenance staff handles all minor repairs on a daily basis. Currently there are no repairs needed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2014-15	2015-16	2014-15	2015-16	2014-15	2015-16

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2016-17)

Parents support their children and the school by encouraging studying and reading at home, supporting good behavior at school, and participating in school activities and committees. The school develops meaningful partnerships to help sustain and deliver its educational mission. Community partners include Frohm's Martial Arts, YMCA, Digital Arts, Culinary Academy, Four Seasons Music Appreciation and Parks and Recreation.

Volunteer Workdays are scheduled in which parents volunteer several hours at the school working on several projects. Projects include repairing classroom fixtures, cleaning, gardening, and enhancing the backyard.

Parents are encouraged to visit the school and actively participate in the education of their children.

All families have an opportunity to volunteer. These effort hours include participating in their child's class and participating on field trips. Donations are included as volunteer hours.

School Safety Plan (School Year 2016-17)

East Oakland Leadership Academy reviewed and updated the school's safety plan in August 2014. Every staff member is required to read the safety plan and attend informational meetings and trainings. We have had discussions during staff meetings, professional development, and trainings for each safety plan. Every staff member must also sign off on the trainings. Our endeavor to update the safety plan is ongoing.

Professional Development

East Oakland Leadership Academy incorporates professional development during weekly staff meetings. All staff are required to attend an intense two week professional development workshop during the summer (Urban Boot Camp). Teachers are required to attend one additional professional development workshop during the year. Teachers are also required to attend Common Core workshops. EOLA has a professional consultant who does individual mentoring with the teachers. Teachers are also supported through in-class and peer coaching. The teachers meet in teams to collaborate on grade-level curriculum. EOLA teachers are also enrolled in BTSA as needed. In addition to using SMART goals (implemented in the 2012-1013 academic school year) weekly staff meetings allow for additional professional development needs to be met.
